

Some general understandable information

The Bible

The Bible is Gods Word, written by different human authors inspired by the Holy Spirit.

Adam and Eve

Adam and Eve: a crucial history. The Bible tells us the story of Adam and Eve. Man and Woman are one flesh, they belong together And God took a rib from the side of Adam and created Eve.

Garden of Eden

God created a paradise and provided in everything for us human beings. Just one warning. God only told Adam and Eve not to eat from the Tree of Good and Evil. That's it. And they would die if they did.

Gods opponent: satan

Eve was deceived by satan who appeared as a snake. Satan was an archangel created by God Himself. He wanted and still wants to stand above his creator. He hates us human beings.

Sin and death

Eve was deceived by satan and Adam listened to Eve. They disobeyed God. Sin was born and death the penalty. As God always does he warns before he acts. He simply can not lie.

Two Trees

In the Garden of Eden there were two trees, the Tree of Life and the Tree of Good and Evil. The Tree of Life provides us with the Spirit of God, the Holy Spirit, Jesus Christ, Eternal Life. The Tree of Good and Evil provides us with nothing, but tells us, that we human beings are capable to decide about how we should live, we do not need God to show us the right way.

Adam and Eve: Today

Man and Woman are one flesh, they belong together. It is crucial to understand that God created a man to have a relationship with a woman. That is the foundation of human creation. About a relationship between the same gender we have to understand that God loves everyone. He just can not approve our deeds. That is a big difference.

Garden of Eden today

We have to provide ourselves on this earth, at the expenses of others. There are big differences here on our earth :rich and poor, countries, people, weather. It is all about money, the root of all evil.

Gods opponent: satan today

Why there is so much evil on this earth is simply because satan is the ruler of this world. He starts to influence us at the moment we start to breath on earth. There are many different beliefs, many different educations, evolution theories, we people derived from apes, egocentrism, a world of taking instead of giving, etc. We really have no clue how we should treat eachother. Satan is the one we obey if we do not obey God. He is the False Light. He knows exactly how to give us false information. Obediance to satan can go from a simple frustration to hurting, suicides and killing eachother.

Sin and death today

So everyone sins, because the moment we start breathing our first air satan starts to affect us directly or through others and we listen. No-one is born and connected to God immediately. We have to experience ourselves that we need God to seporate us from satan, all evil in this world.

Two Trees today

We still eat daily from the Tree of Good and Evil if we decide ourselves how life should be and that we do not need God to tell us how ! The Tree of Life has been protected by God for 4.000 years and with the resurrection of Jesus Christ, that tree, being Jesus Christ Our Lord Himself, took that protection away by offering Himself freely on the cross to die for our sins. The wall of entrance of the tabernacle, where the High Priest was allowed only to come once a year to offer for himself with blood, was ripped. That simply means that God the Father opened the way directly to Him by offering His Son for once and for all with the blood from Jesus Christ. The Holy Spirit , the spirit we need getting to know God, was open to be received by us.

Some general understandable information

The difficulty to Faith !

Of course it is difficult to believe in something we can not see. God is spirit and spirit is not something we can project on a screen. We all grow up with the fact that we must have physical evidence before we believe. So how difficult it is to believe in something which we have to feel in our hearts and do not see at all ? And that is exactly the way God works in us. The only one who keeps God away is our heart. We can compare this to the protection of the Tree of Life to the protection of our heart to God. God provided us with a Free Will ! So we can choose ourselves for Him. The same reason why Adam and Eve had a choice. I just talked about God as spirit, but now about His creations which can be seen. God only wants to choose for Him freely and has provided us also with so many elements of His existence. Look around, look at ourselves, look at the galaxy, sun, moon, sky, animals, nature, trees, flowers, seasons , etc. It is our decision to believe in our Creator.

Being deceived

As I told before, God has a big opponent who rules this world and is the one whom we obey naturally. So of course satan is the creator of everything we believe in that pulls us away from God. Evolution theory, Big Bang theory, all kind of theories that simply tells us that there is no Creator. We learn that a lot at our schools as children. The drawing of an ape turning into a human being, we derive from apes. Of course as a child we believe what we learn at school. Satan knows exactly how to deceive us all, starting at a young age.

The truth

Satan plays a big role in the Word from God as well. Many translations, discussions about translations, doubts about the authors, when all was written, by whom it was written, is it complete ?, etc. All kind of arguments to let us believe that we must have doubts about the Bible. I can tell you, from my own experiences, I was reading the book of Judith, not being accepted as a Holy Scripture, an apocryphal wrting. To be honest I felt in my heart no inspiration from the Holy Spirit. I simply knew, without evidence, in my heart, that this Book does not belong to the Bible. We, as true believers, are guided by the Holy Spirit, and He will let you know the truth, always.

Isaiah 53

One thing is sure, that people agree, also non believers, that this Book has been written about 800 years BC. I recommend to everyone to read this Chapter about the crucifixion of Jesus Christ our Lord about 800 years later. And there is far too much to mention over here about the Bible telling us happenings which took place already and still have to happen in the near future.

We live in a dark world

Because of satan , ruling this earth, the unjustified owner of Gods creation, the earth is in darkness. There is absolutely no light in satan. The only real Light on earth has been brought to us about 2.000 years ago. We have to understand that our life changes tremendously if we find and accept the True Light in our hearts. We change because we do not obey satan anymore. And believe me when I am telling you that he does not want you to. So it can be difficult, especially in the beginning, to resist him.

Why does God allow so much evil ?

I hear many people say: why does God allow so much evil ? Is it Gods fault then ? Do we not have the choice ourselves to choose ? If we all choose to accept Jesus in our hearts, then there would be no evil at all ! How many people would give that one thing which we desire the most, first to others

The Bible is nonsense, God does not exist

We must blame ourselves, look in the mirror why we do not accept Love and peace given by God. In the second World War churches were overcrowded. There have never been so much prayers on this earth. But war is over and life continues. How many people need God when everything is ok ? And when things go wrong, the first thing people say: "where is God now ?". How many people say; " I do not believe in God !" Do you realize that by saying this , you actually are saying that you know Him ! Otherwise it is impossible to say that you do not believe in something you do not know. Maybe better to ask: who is God ? I want getting to know Him. How many people say; " The Bible is nonsense !" Same story. Did you read it then ? I read the Bible many times completely and the letters from Paul, some of them, maybe a hundred times. And still a lot is not explained to me by the

Some general understandable information

Holy Spirit, the only Author behind the Bible. So what is the message behind saying “the Bible is nonsense” ?

Believing or arguing ?

I recommend reading the Bible by believing what you read, even if you do not understand all. If you read the Bible only to argue about it, it is worthless to continue. Our human spirit is nothing without the Holy Spirit and our human spirit is limited. And these limitations can not decide about an unlimited intelligence.

There is a lot of violence in the Bible

When I started reading that was my first thought. I could not understand it is about Love and Forgiveness. So of course people ask about the violence God uses sometimes. May I ask you following: imagine you created a city with peace, happiness, joy, no competition, a city where people help each other, give and share. Everyone is owing you everything because you created it this way. Suddenly you see one person who starts to influence people in a negative way and starts telling them false things about you. What would you do ? Let's presume you talked to him many times and he keeps continuing and he creates followers also influencing others in a negative way. What would you do ? You talked to the followers as well, but after many warnings they still do not listen and grow in disobedience to you and the people are growing in numbers. What would you do ? This example is nothing compared to Gods creation. Can we solve everything with Love ? If we listen, yes. But we don't. The same with our children. After many warnings and still not listening we punish. God always warns before punishment. And it is our own responsibility to listen or not. The Book of Daniel and the Book of Revelations are full of things which still have yet to happen and already happen right in front of our eyes. So do not say that God did not warn us for His Wrath to come. People do not even take time to read, despite the fact many people say to do so. There are so many signals from God, every day, but our eyes do not see and our ears do not listen.

So many explanations from the Word of God

There are many, many, many people writing and telling people what Gods Word means. Many dis-

cussions about sabbatical day being Saturday or Sunday, is there a rapture or not, the law, God, Jesus Christ and the Holy Spirit being 3 persons or not, Biblical feasts and sabbatical day to celebrate or not, foodlaw, etc etc etc. I know a lot of true believers and when we talk deeper about the meaning of Gods Word, I found out there are lots of people who wish not to talk about it or see many different interpretations. Also Bible teachers who are convinced about the meaning of Gods Word. I have investigated and seen so many explanations, read hundreds of books, saw hundreds of videos. And of course everyone has an opinion about those explanations. Peter says that all is inspired by the Holy Spirit and that none of it should be clarified with one's own hands. Be aware that there are many people coming to listen to a Bible teacher and that many of the same people have no personal relationship with our Father through Jesus Christ our Lord yet. So what the Bible teacher says, they believe and they are starting to look up to that same Bible teacher. People sometimes start worshipping the teacher instead of God. Remember: we are nothing ! If we start to obey God we just do what we have to do, nothing special. We must be thankful we experience the true Light and Gods intentions with us.

What is the right explanation then ?

In the beginning I respected the sabbatical day and for one year I celebrated the 7 Biblical feasts. To be honest: my heart felt nothing and it really felt like an obligation. I even started to respect Gods food law given to the Israelites by God. Paul says that if we start to think about what to eat or not or to celebrate or not, we sin and it is not coming out of our hearts. Well, that is simply the plain truth ! It is ALL about your personal relationship with Jesus Christ our Lord to serve our Father. It is ALL about surrendering yourself completely to Him. It is ALL about being a servant and obedience without even thinking. It is ALL about conscience being fed by the Holy Spirit. It is ALL about being humble. I truly believe that these are the right elements given by God to be a humble servant. And if we do not understand passages in the Bible just ask God to help you one on one. And if God does not give the right explanation yet I truly believe He will, but He has a reason, always, not to give the answer..... yet. The deeper your faith, actually the more you obey, the more will be revealed. You can also say, the more you open your heart to Jesus. And Jesus Christ our Lord will also decide about the way He reveals His Father to us. Our relationship with God is the most intimate relationship we can have as a humans

Some general understandable information

Our walk in justice and truth

Recently a brother of mine said some wonderful things about our walk in the true Light. Imagine yourself to walk on a completely new road, surrounded by silence, peace, true wonders of Gods creations. On the same road God puts signs for you to be noticed. We ourselves can decide to pay attention to these Holy signs and if so, what to do with it. God will put new signs, every time again, especially if you notice and obey (surrender). God reveals Himself to you, deeper and deeper. And it is our heart that decides. Isn't that the free will God gave us ?

Judgement

There is only One judge: God ! Remember what I wrote about satan who wants to lift himself above his creator. "Go away satan" Jesus said to Peter when Peter put his own will above Gods will about the crucifixion of Jesus. So everyone who makes his or her own judgements is actually wending him or herself to the throne of God. And we do not want to be Gods opponent.

Conquer satan

Jesus conquered satan in flesh and blood and with His resurrection also conquered death. He has all keys, death itself and Hades. Jesus cured many people from demons because all demons knew Jesus is the son of God. Let that be a sign for us that we need Jesus and Jesus only to conquer evil here on earth.

Today and future

There is one big difference in time between God and us human beings. God knows everything, not only here and now but also long long times ahead. The Bible is full of that. God the Father offered His Son, simply because our Father knew about His Resurrection and His glorified body to eternity after. And we human beings know nothing, so how can we even try to attempt to say what will happen other than what the Bible tells us all. That is the reason why God blessed Abraham due to his deep faith. Abraham knew if he would offer his son Isaac that somehow God was able to raise his son out of the death and give his son eternal life. He surrendered himself completely to God. Abraham trusted God and obeyed. God already knew long long time ago that he would reveal

Himself through His son Jesus Christ our Lord, and that he would be tortured, spit on and suffer a lot...and this He did out of Love for us human beings. If we sleep we have no clue about time. That is the same with death ! We are going to sleep and we have no idea for how long till the moment God will wake us up.

Just have Faith

We human beings do nothing. God gives us mercy and talents related to that same mercy. We get it for free. We only must say YES to our hearts. We say YES to the Father, we say YES to Jesus Christ being the Son of God, we say YES to the fact He lived as a human being here on earth, we say YES he offered Himself for you and me, we say YES that we all have sinned, we say YES that Jesus sets us free from our sins, we say YES to obey, we say YES to walk like Jesus did.

Our reward

We are sealed by the Holy Spirit being the pledge of our legacy.....Eternal Life. The spirit who revived Jesus Christ our Lord will revive the First born and later on all.

Gods wrath

I hope you people who read this, will be inspired to open your heart to God. God will show Himself when satan reveals himself literally as a human being here on earth. You wish you do not want to be here on earth when all of this is going to happen. Only God the Father knows when, so all speculations about when is against Gods will. Even Jesus does not know when. Gods wrath is not intended for true believers, true believers have a different destination being the Home of the Father. I pray for all people to have that destination.

Jesus return

Jesus will return to earth and take place on the throne of David in Israël in Jerusalem and starts His Kingdom here on earth for a thousand years and the people to whom God connected in the first place, Israel, will be the model nation for the whole world. He must return otherwise satan will destroy us all. Expect Jesus return today and be ready to be with Him for eternity.

Some general understandable information

My Prayer

Please Father, let your will take place at any moment at any time. Let people open their hearts for Jesus Christ our Lord, your son, for the truth and let them discover your kindness, your love, your grace. Let us hope that many people will be part of the body of Christ, build on a foundation of the apostles and prophets, being Jesus Christ the cornerstone of that building... that church. We are one spirit, a spirit of peace. Let us all be stones of Gods temple be guided by Jesus living, working inside of our hearts. Your will is our Command. You are our creator and I thank you for that...I obey !
